Once upon a time, I found my happily ever after.

Until one day, fate tore him away from me.

My husband and best friend was killed in a tragic plane accident, bringing my world crashing down.

I was devastated and grief-stricken, left all alone with only our baby girl to keep me trudging forward.

Now a widow and single mother to our four-year-old little Mia, I'm still trying to figure out how to make it through this thing called life.

I miss you like it's the first day, and I know that my chance at love has come and gone.

Until Killian Walsh came waltzing into my world.

I tried pushing him away, but once again, fate came into play.

It's always been you, but now, it's him, too.

My love for you will never waver, but now I don't know if I'll be able to back out and walk away.
