In a 5-Star review rating of "Professional Investigation" by Emmanuel Anim-Danquah, Readers' Favourite, USA, describes this book as "an eye-opening book on the principles of investigation, a comprehensive book that details the rules to follow in an investigation, what to know and how to successfully conduct and complete an investigation. Readers' Favourite concludes its review this way: "Professional Investigation is well-researched, professionally written and packed with interesting information." Kirkus Reviews, on its part, describes this book as "peculiar since the writer's explanatory scope is so broad" and sums up its review of this book as "An exhaustive account of investigation principles, more academic in concept than immediately practical." Indeed, the professional conduct of investigation, no matter where and when it is carried out, affects everybody on this planet. By it, effective security is guaranteed. Justice at the Law Courts as well as effective formulation of policies by governments are hinged on the

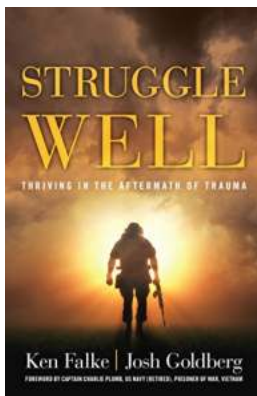

professional conduct of investigations. This book is thorough in these respects. This book can be adopted as a class study textbook for the humanities in tertiary institutions and in training schools and academies of security and intelligence organizations. "Professional Investigation" by Emmanuel Anim-Danquah is a Finalist, True Crime, Non-Fiction Category, of the 2020 INTERNATIONAL BOOK AWARDS (world contest) of The American Book Festival.
