The age old adage “rule of thumb” comes from a derelict old English law which stated That one could not beat his wife with anything wider than one’s thumb. Strange laws that existed in a time we only read about. The law is ever dynamic and continues to reflect the society’s customs of the day and age. In this region, the law keeps up with the requirements of not only its citizens but also several of those that call UAE its home. Here at Court Uncourt, we attempt to bring you the law in a structure that everyone can relate to. We hope you enjoy this issue as much as we have enjoyed bringing it to you!
