The Art of Selecting Surfaces

Choosing the right surfaces for a space requires a deep understanding of design principles and a knack for aesthetics. Kathyanne White possesses these qualities in abundance, allowing her to curate surfaces that perfectly complement the overall theme and atmosphere.

When working with clients, Kathyanne takes the time to understand their vision, preferences, and the functionality of the space. By doing so, she can recommend surfaces that not only look visually appealing but also serve a practical purpose.

For example, in a high-traffic area such as a lobby or hallway, Kathyanne might suggest durable yet striking flooring materials like terrazzo or porcelain tiles. These surfaces can withstand heavy footfall while still adding a touch of elegance to the space.

Kathyanne is also known for her expertise in color psychology. She understands how different hues can evoke various emotions and moods, and she uses this knowledge to select surfaces that harmonize with the overall design scheme. Whether it's a serene and calming bedroom or a vibrant and energetic living room, Kathyanne knows which surfaces will create the desired atmosphere.

Creating Unforgettable Spaces

As an artist of interior design, Kathyanne White believes that every space has a story to tell. She approaches each project with this philosophy in mind and strives to create unforgettable spaces that leave a lasting impression.

One of the ways she achieves this is by using surfaces that have a rich history and unique character. From reclaimed wood to antique tiles, Kathyanne sources materials that have a story to tell. This not only adds depth and authenticity to her designs but also creates a sense of timelessness in the spaces she creates.

Another aspect that sets Kathyanne's work apart is her attention to detail. She believes that it's the little things that make a big difference and pays meticulous attention to even the smallest surfaces. Whether it's an intricate mosaic on a bathroom wall or a subtly textured ceiling, every surface is carefully thought out and designed to enhance the overall aesthetic.

The Future of Surface Design

As the design industry continues to evolve, surface design is becoming increasingly innovative and experimental. Kathyanne White is at the forefront of this movement, constantly pushing boundaries and exploring new possibilities.

She believes that surfaces have the power to tell stories, evoke emotions, and transform spaces like never before. By embracing new technologies, materials, and techniques, Kathyanne is shaping the future of surface design.

In her recent projects, she has incorporated cutting-edge materials such as 3D-printed surfaces, responsive wallpapers, and even interactive displays. These elements not only add visual interest but also create immersive experiences for the occupants of the space.

Intended to inspire and spark artist's creativity, "Design Intriguing Surfaces" is the first ebook in a series that will combine digital printing with alternative surfaces. Silk, canvas, lutradur, organdy, pimatex cotton, tyvek and several types of paper are included in this ebook, to highlight surfaces that can be printed on any straight path inkjet printer. This enables the artist to work with regular non art type

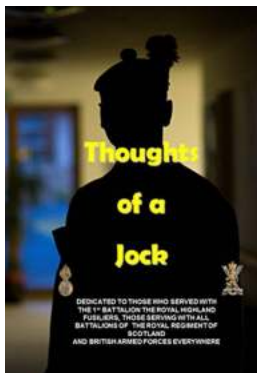

printers. Of course the surfaces are also wonderful when printed on archival art printers also. The techniques can be used by anyone that wants to experiment and create this type of work.

“Design Intriguing Surfaces” includes precoating surface instructions, helpful hints and a complete supplier list. Each page is filled with visual eye candy that encompasses prints on the various surfaces discussed and also details of completed art work.
