As his son started talking and questioning the world around him, Peter Rasmussen began noting all the funny comments down in a tiny notebook. This quickly became three notebooks and suddenly he was faced with the question of what to do with it all. They were fun to read but in the long run would most likely be forgotten and doomed to a dusty life on an abandoned bookshelf.

Not happy with this prospect Peter started illustrating the quotes and comments and hasn't looked back since. Luckily his son is a smorgasbord of hilarious content so he kept on going.
