Unveiling the World of Ideas: Thought-Provoking Topics Explored in Feel Free Essays

From the complexities of race and identity to the impact of technology on modern society, *Feel Free Essays* covers a wide range of thought-provoking subjects. Smith fearlessly delves into the pressing issues of our time, challenging long-standing beliefs and offering fresh insights.

Her essay titled "Getting In and Out" explores the theme of cultural appropriation, examining the fine line between appreciation and exploitation. Smith's keen observations and engaging anecdotes shed light on the complexities of cultural exchange in our globalized world.

In "Joy," Smith takes a closer look at the notion of happiness and its pursuit in the modern age. As she navigates through the nuances of joy, from its relation to suffering to its connection to the natural world, readers are propelled into a realm of introspection, contemplating their own definitions of happiness.

With "Generation Why?", Smith dissects the impact of technology and social media on our collective consciousness. Through an exploration of Facebook,

Mark Zuckerberg, and the ever-expanding digital landscape, Smith challenges us to question the moral and social implications of our online lives.

A New York Times Notable Book

From Zadie Smith, one of the most beloved authors of her generation, a new collection of essays

Since she burst spectacularly into view with her debut novel almost two decades ago, Zadie Smith has established herself not just as one of the world's preeminent fiction writers, but also a brilliant and singular essayist. She contributes regularly to *The New Yorker* and the *New York Review of Books* on a range of subjects, and each piece of hers is a literary event in its own right.

Arranged into five sections--In the World, In the Audience, In the Gallery, On the Bookshelf, and Feel Free--this new collection poses questions we immediately recognize. What is The Social Network--and Facebook itself--really about? "It's a cruel portrait of us: 500 million sentient people entrapped in the recent careless thoughts of a Harvard sophomore." Why do we love libraries? "Well-run libraries are filled with people because what a good library offers cannot be easily found elsewhere: an indoor public space in which you do not have to buy anything in

order to stay." What will we tell our granddaughters about our collective failure to address global warming? "So I might say to her, look: the thing you have to appreciate is that we'd just been through a century of relativism and deconstruction, in which we were informed that most of our fondest-held principles were either uncertain or simple wishful thinking, and in many areas of our lives we had already been asked to accept that nothing is essential and everything changes--and this had taken the fight out of us somewhat."

Gathering in one place for the first time previously unpublished work, as well as already classic essays, such as, "Joy," and, "Find Your Beach," *Feel Free* offers a survey of important recent events in culture and politics, as well as Smith's own life. Equally at home in the world of good books and bad politics, Brooklyn-born rappers and the work of Swiss novelists, she is by turns wry, heartfelt, indignant, and incisive--and never any less than perfect company. This is literary journalism at its zenith.

Zadie Smith's new book, *Grand Union*, is on sale 10/8/2019.
