

Essential Guitar Techniques: Arpeggios And Licks For Total Fretboard Mastery

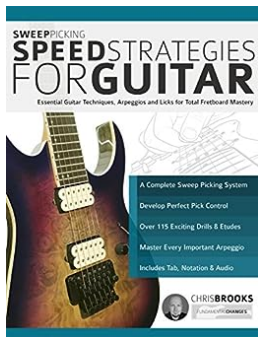

Are you an aspiring guitarist looking to take your playing to the next level? Do you want to master the fretboard and become a versatile and proficient player? If so, then this article is for you! In this comprehensive guide, we will explore essential

guitar techniques, focusing on arpeggios and licks that will help you achieve total fretboard mastery.

Why are Arpeggios and Licks Important?

Arpeggios and licks are fundamental components of guitar playing. They provide a structured approach to understanding the fretboard and enable you to create melodic and impressive solos. By incorporating arpeggios and licks into your practice routine, you will develop dexterity, improve your fretboard knowledge, and enhance your improvisational skills.

Mastering Arpeggios: Unleashing the Power of Chords

Arpeggios are broken down chords played one note at a time. They allow you to emphasize the musical intervals within a chord and provide a foundation for creative soloing. By developing a solid understanding of arpeggios, you will gain

the ability to outline chord progressions, improvise fluidly, and create breathtaking guitar solos.

Types of Arpeggios:

- Major Arpeggios
- Minor Arpeggios
- Dominant Arpeggios
- Diminished Arpeggios
- Augmented Arpeggios

Techniques for Practicing Arpeggios:

- Sweep Picking
- Alternate Picking
- Economy Picking
- String Skipping
- Hammer-ons and Pull-offs

Creating Memorable Licks: Adding Flair to Your Playing

Licks are short melodic phrases that guitarists use to express themselves in their solos. They help add flavor and personality to your playing, making your solos memorable and captivating. By mastering various licks and incorporating them into your repertoire, you will develop a unique and recognizable playing style.

Types of Licks:

- Blues Licks

- Rock Licks
- Jazz Licks
- Country Licks
- Fusion Licks

Techniques for Practicing Licks:

- Bending
- Vibrato
- Slides
- Legato
- Double Stops

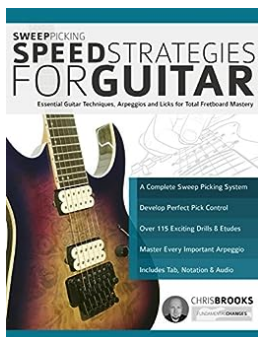

Putting it all Together: Fretboard Mastery

Now that you have learned about arpeggios and licks, it's crucial to apply this knowledge to achieve total fretboard mastery. Here are a few tips to help you integrate these techniques seamlessly:

1. Practice in all 12 keys to improve your familiarity with the entire fretboard.
2. Experiment with different genres to broaden your playing style and repertoire.
3. Play with backing tracks and jam with other musicians to enhance your improvisational skills.
4. Record and analyze your playing to identify areas for improvement and track your progress.

5. Stay consistent and dedicated to regular practice to solidify your skills and develop muscle memory.

Arpeggios and licks are essential guitar techniques that will elevate your playing and help you achieve total fretboard mastery. By mastering these techniques and incorporating them into your practice routine, you will become a versatile and proficient guitarist. Remember that consistency and dedication are key, so make sure to allocate regular practice time and enjoy the journey of becoming a skilled musician. So, pick up your guitar, start practicing those arpeggios and licks, and let the magic happen on the fretboard!

The Complete System to Learn Sweep-picking on Guitar

- A comprehensive breakdown of everything you need to sweep pick like a pro
- A systematic guide to mastering technique and dominating the fretboard

- Discover and apply the 6 Essential Rudiments of Sweep Picking
- Complete technical development through 100 drills and 17 Etudes
- Extensive library of arpeggio shapes and over 100 neck diagrams
- Notation and Guitar Tab with every pick stroke

Sweep Picking Speed Strategies for Guitar is the follow-up to Chris Brooks' wildly successful book Neoclassical Speed Strategies for Guitar. It takes a meticulous approach to breaking down the biomechanics of sweep picking and goes way beyond drills and guitar licks to get to the heart of great sweep picking technique. You'll master everything from pick grip and fundamental rudiments to the execution of perfect, large-scale arpeggio forms for every common chord type as you learn sweep picking on guitar.

You'll become the sweep picking beast you never knew you could be!

Sweep Picking Speed Strategies for Guitar

- Do you want to sweep pick the right way from go to pro?
- Do you want to avoid common sweep picking errors?
- Do you want to learn guitar arpeggio shapes formulated for speed and command of the fretboard?
- Do you want strategies that apply to any musical situation?
- Do you want to make your sweep picking arpeggios sound as good as your favourite players?

Here's What You Get:

- A complete sweep picking guitar course that starts from first principles of movement and builds solid foundations
- A multi-faceted system that presents options and allows you to make your own choices
- A logical process for tackling important shapes and sounds on a chord-by-chord basis
- Concise, developmental picking drills and studies that form a clear, incremental path to mastery

Bonus One: Clear illustrations to help you better understand pick grip and orientation

Bonus Two: FREE audio downloads and backing tracks for every challenging etude

Many guitar players already understand the basic premise of sweep picking on guitar, yet never achieve the speed and fluidity they desire. Often it's because they weren't guided through the rudiments and strategies that would allow them to create a system personal to them.

Sweep Picking Speed Strategies for Guitar helps you master the myriad factors that affect your sweep picking technique and takes you from fundamental principles to devastating speed and extensive fretboard coverage. This isn't just a lick book - it's a complete sweep picking system for guitar. As well as a complete biomechanical approach to learning sweep picking, this method helps you systemise your strengths into a personalised, musical approach.

Hear It!

Sweep Picking Speed Strategies for Guitar includes 100 exciting examples (in tab

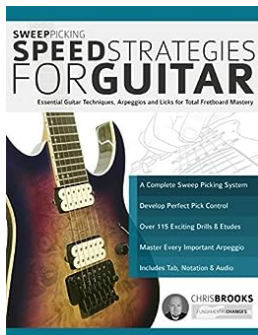

and standard notation) with audio you can download for free from our dedicated website. There are also backing tracks for the 17 etudes contained in the book.

Buy Sweep Picking Speed Strategies for Guitar today. You won't just learn to sweep pick, you'll learn to strategize your entire approach to developing speed and fluency on guitar!
