

Heidegger in France: Studies in Continental Thought

HEIDEGGER IN FRANCE

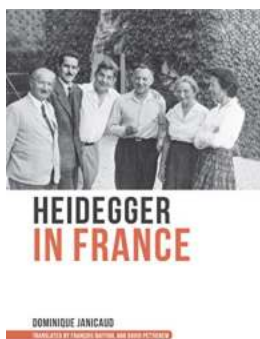

DOMINIQUE JANICAUD

TRANSLATED BY FRANÇOIS RAFFOUL AND DAVID PETTIGREW

"Heidegger in France: Studies in Continental Thought" is a captivating collection of scholarly works that explores the profound influence of Martin Heidegger's philosophy in France. Through a comprehensive examination of the reception and interpretation of Heidegger's ideas by distinguished French intellectuals, this

book sheds light on the enduring impact of Heidegger's thought in French philosophy.

The book delves into the works of influential philosophers such as Jean-Paul Sartre, Jacques Derrida, Emmanuel Levinas, Maurice Merleau-Ponty, and others who were deeply influenced by Heidegger's existential phenomenology. It unravels the complex relationship between Heidegger's philosophy and French existentialism, deconstruction, hermeneutics, and other major philosophical movements.

Why did Heidegger's philosophy resonate so deeply with French thinkers? The answer lies in the book's exploration of the historical and cultural context within which these ideas were received. It examines the post-war intellectual climate in France, the emergence of existentialism, and the intellectual debates of the time.

Furthermore, the book addresses the controversies surrounding Heidegger's affiliation with the Nazi party and the ethical implications of engaging with his philosophy. It discusses the ongoing debates on the relationship between

philosophy and politics, and the responsibility of intellectuals in endorsing or discrediting certain philosophical ideas.

The chapters of "Heidegger in France: Studies in Continental Thought" are written by leading philosophers and scholars, each offering unique insights into the reception of Heidegger's ideas in France. The contributions cover a wide range of topics, including the role of language, temporality, embodiment, and subjectivity in Heidegger's philosophy.

One particularly intriguing aspect of the book is its examination of how Heidegger's concepts have been reinterpreted and expanded upon by French philosophers. The book highlights the ways in which French thinkers have pushed the boundaries of Heidegger's thought, incorporating it into their own philosophical frameworks and contributing to the development of new ideas.

The profound influence of Heidegger's philosophy on French intellectual and cultural life is undeniable. "Heidegger in France: Studies in Continental Thought" not only delves into the historical and intellectual significance of this influence but also invites readers to reflect on the broader questions of philosophy's role in society.

By exploring the reception and interpretation of Heidegger's ideas in France, the book serves as an indispensable resource for anyone interested in French philosophy, existentialism, and the broader Continental tradition. Its accessible yet scholarly approach makes it suitable for both academic readers and those seeking a deeper understanding of the rich philosophical tradition that emerged from the encounter between Heidegger and French thinkers.

In , "Heidegger in France: Studies in Continental Thought" offers a thought-provoking journey into the reception and impact of Heidegger's philosophy in

France. It invites readers to engage with the complex ideas and debates that have shaped French intellectual life and offers a deeper understanding of the enduring legacy of Heidegger's thought.

Dominique Janicaud claimed that every French intellectual movement—from existentialism to psychoanalysis—was influenced by Martin Heidegger. This translation of Janicaud's landmark work, *Heidegger en France*, details Heidegger's reception in philosophy and other humanistic and social science disciplines. Interviews with key French thinkers such as Françoise Dastur, Jacques Derrida, Éliane Escoubas, Jean Greisch, Philippe Lacoue-Labarthe, Jean-Luc Marion, and Jean-Luc Nancy are included and provide further reflection on Heidegger's relationship to French philosophy. An intellectual undertaking of authoritative scope, this work furnishes a thorough history of the French reception of Heidegger's thought.
