

How They Murdered Princess Diana: The Shocking Truth

Princess Diana's tragic death continues to be shrouded in conspiracy theories and endless speculation. While the official story indicates that her death was a result of a car accident, the circumstances surrounding the incident have raised many eyebrows. In this shocking exposé, we delve deep into the secrets that suggest Diana's demise was no ordinary accident, but rather a carefully orchestrated murder plot.

The Night That Changed History

On August 31, 1997, the world was left in shock as news of Princess Diana's death spread like wildfire. The beloved Princess of Wales had been involved in a fatal car crash in Paris while fleeing from relentless paparazzi. However, as time went on, inconsistencies began to emerge, leading many to believe that there was more to her death than met the eye.

The Unanswered Questions

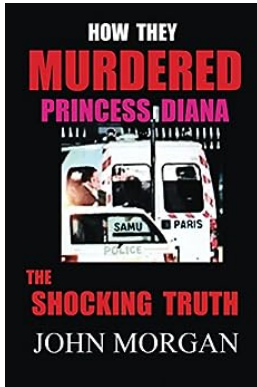

One of the most puzzling aspects of Diana's death is the presence of a white Fiat Uno at the scene. According to eyewitness reports, this vehicle was closely following Diana's car moments before the crash. Despite multiple efforts to trace the driver, the identity of the Fiat Uno remains a mystery, fueling suspicions of foul play.

In addition, a peculiar lack of CCTV footage from the tunnels where the accident occurred raises further doubts. Why were there no cameras capturing the events of that night? Was this a deliberate attempt to erase any incriminating evidence?

A Royal Conspiracy

The conspiracy theories surrounding Diana's death often point towards the royal family's involvement. As a prominent member of the British monarchy, her actions and alliances were seen as a threat to the establishment. Many believe that Diana was silenced to protect the integrity of the crown.

Furthermore, Diana's relationship with Dodi Fayed, the son of an Egyptian billionaire, was met with disapproval from certain circles. Speculations arose that powerful individuals did not want Diana to marry Dodi, thereby potentially tying her to the Middle Eastern world and compromising the royal family's interests.

The Mysterious Figures

Several mysterious figures have been linked to Diana's untimely death. One notable person of interest is Henri Paul, the driver of Diana's car who perished in the crash. Conspiracy theorists argue that Paul was not as intoxicated as the

official reports state, suggesting that he may have been manipulated into causing the accident.

Another enigmatic presence is James Andanson, a paparazzo who claimed to have witnessed the crash but died under dubious circumstances shortly after. Could he have been silenced to prevent any leaks about what truly transpired that night?

Shining Light on the Truth

With so much mystery surrounding Diana's death, it is essential to shed light on the truth. While the official investigation conducted by French and British authorities concluded that Diana's death was a tragic accident, many questions remain unanswered. The lack of transparency and the disregard for certain critical pieces of evidence continue to fuel conspiracy theories.

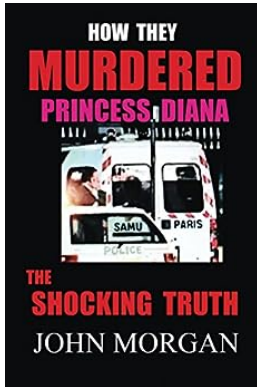

As we continue to seek facts about this shocking event, it becomes increasingly clear that Diana's accident was not merely an unfortunate incident. The pieces of the puzzle do not fit together, leaving room for a sinister plot orchestrated by powerful hands.

The Legacy Lives On

Princess Diana may no longer be with us, but her legacy persists. Her compassion, tireless humanitarian efforts, and commitment to making the world a better place have left an indelible mark on humanity. While the truth behind her death may remain hidden, her influence and impact on society will continue to inspire generations to come.

This explosive book blows the lid on one of the most shocking crimes of our modern era. But it does more than that. How They Murdered Princess Diana is the most complete evidence-based account of the assassination of Princess Diana yet written. It delivers on providing answers to many of the key questions surrounding the 1997 Paris crash that took the lives of Diana and her lover Dodi Fayed – Who did it? Why was Diana assassinated? How was it carried out? It also exposes the massive inter-governmental cover-up that has taken place throughout the 17 years since the deaths.

This book takes the reader through the entire story – right from the breakdown of the Diana-Charles marriage through to the 2013 sham police “scoping” of allegations of SAS involvement made by Soldier N.

It covers the critical events that took place in Paris on the last day of Diana and Dodi’s lives. It reveals that the crash in the tunnel was orchestrated by MI6 on the orders of senior British royals. Princess Diana survived the crash but was effectively murdered by deliberate mistreatment in the ambulance by people who were supposed to be saving her.

The individuals involved in the murders are exposed – it is revealed that Sherard Cowper-Coles, former UK ambassador to Saudi Arabia, headed the MI6 operation on the ground in Paris. The roles of other operatives in this highly

coordinated assassination are addressed in detail.

This is the first book to cover the complete story in such chilling detail – a true account using the witnesses own words that at times will leave the reader shocked, aghast and breathless.

How They Murdered Princess Diana shows that the 2007-8 London inquest into the deaths – headed by Lord Justice Scott Baker – was one of the most inept and corrupt inquests in the history of the British judicial system. It also exposes the 2004-6 Scotland Yard Paget investigation as a huge farce that was more dedicated to covering up the facts of what occurred than to uncovering truth.

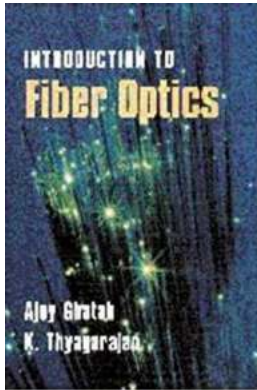

The perpetrators never thought anyone would or could ever do a full investigation piecing it all together – but this is exactly what John Morgan has done. As a result of nine years of investigative research he has produced the definitive work on the Paris assassination – the uncensored record of what occurred, how it was done and who did it.

Eminent QC Michael Mansfield – who served throughout the six months of the London inquest – has said: “I have no doubt that the volumes written by John Morgan will come to be regarded as the ‘Magnum Opus’ on the crash”.

How They Murdered Princess Diana is the long-awaited abridgement of the six volumes of the highly-acclaimed Diana Inquest series. It documents the shocking truth – the shameful account of the state-sponsored assassination of Britain and the world’s most loved princess, Diana Princess of Wales.
