Like many victims, Ki was afraid to come forward initially, fearing that no one would believe her. However, with the encouragement of her closest friends and an unwavering desire for justice, she summoned the courage to report the assault to the campus authorities.

Little did she know, this was only the beginning of a harrowing ordeal that would scar her for life.

The Heartbreaking Battle Against Red Tape

Ki Meekins soon found herself entangled in a web of institutional red tape, something no victim should ever have to face. Each step forward seemed to be met with a new hurdle, as the very institution that was meant to protect her prioritized its reputation over her well-being.

The first obstacle Ki faced was the bureaucratic process of reporting the assault. Endless forms, interviews, and interrogations left her feeling violated once again. Instead of being treated with empathy and compassion, she was met with skepticism, doubt, and victim-blaming.

Despite providing detailed evidence, witnesses, and corroborating testimonies, Ki's case seemed to be stuck in a never-ending loop of administrative procedures that only served to invalidate her traumatic experience.

Months turned into years as Ki continued to fight for justice, her emotional and mental health deteriorating with each passing day. The lack of progress and the overwhelming adversarial environment made her question her decision to come forward in the first place.

Meanwhile, her assailant continued to enjoy his privileged life on campus, seemingly untouched by the havoc he had caused. The stark contrast between his unperturbed life and Ki's constant struggle with bureaucracy added salt to her wounds.

The Breaking Point and the Quest for Redemption

It was at her breaking point that Ki Meekins decided to reclaim her power. No longer willing to be silenced by the system, she bravely decided to step out of the shadows and become the voice for countless victims of Red Tape Rape.

Ki's story gained momentum as she started speaking out publicly, demanding accountability and institutional change. Her resilience and determination inspired others to come forward with their stories, exposing a dark underbelly that had remained hidden for far too long.

Through her advocacy, Ki managed to shine a light on the urgent need for reform in how sexual assault cases are handled by institutions. Her unwavering pursuit of justice garnered nationwide attention, forcing the university to acknowledge its failures and take action.

Although the battle is far from over, Ki Meekins remains committed to amplifying the voices of survivors and fighting against the bureaucratic machinery that perpetuates Red Tape Rape. Her story serves as a reminder that no victim should ever be silenced or forgotten.

Join the Movement to End Red Tape Rape

It is time to break the chains of red tape that ensnare survivors and perpetuate injustice. Ki Meekins' story is just one among countless others, and it is our collective responsibility to unite and demand change.

The abuse that Ki Meekins had to endure as a child was brutal. He was raped by a foster carer when he was ten years old, but when he reported the incident he was threatened with retribution from government authorities. Ki was regularly ‘picked up’ from government institutions by paedophiles for weekend outings. Many state wards, some as young as ten, were drugged and raped repeatedly. They became known as the “takeaway children”. At 13, Ki was kidnapped and taken to Queensland and abused by a well-known TV personality. For three months Ki was constantly sexually abused. The South Australian Police knew that Ki was in Queensland with his abuser but were not particularly worried because “he (the abuser) was due back soon to face charges of bank robbery”. Ki then ran away to Sydney and fell into the dark side of the thriving boy prostitute racket in the notorious Kings Cross. Ki’s story is more than the shocking reality of child abuse. This book reveals Ki’s inner strength. It tells how Ki spent seven years

trying to get justice from the South Australian Government through the court system, and of his passionate pursuit to make governments accountable for their sins of the past and to ensure the heinous crimes he experienced as a child will never happen again.
