“The mind once stretched by a new idea, never returns to its original dimensions.”

Ralph Waldo Emerson

This book is a collection of 100 brain teasing riddles. Their purpose is to make children think and stretch their minds. They are designed to test logic, lateral thinking as well as memory and to engage the brain in seeing patterns and connections between different things and circumstances.

They are laid out in three chapters which get more difficult as you go through the book, in the author’s opinion at least. The answers are at the back of the book if all else fails.

These are more difficult riddles and are designed to be attempted by children from 10 years onwards, as well as participation from the rest of the family.

It is a perfect activity book for kids who like problem solving. These activities can be shared with the whole family.

This book includes 100 brain teasers for everyone
