Long Island has one of the most vibrant and largest Jewish communities in the nation.

After World War II, hundreds of thousands of Jewish soldiers returned from war looking for a life in the suburbs and synagogues to join, but the demand exceeded the supply. In 1946, Rabbi Elias Solomon called a meeting of Conservative rabbis from Manhattan to map out a plan to build a synagogue at every South Shore Long Island Railroad stop, from Valley Stream to Patchogue. Central Synagogue of Nassau County and Beth El in Great Neck both grew to more than 1000 families as Reform Judaism took hold, and the growth of the Chabad movement in recent decades as spurred an increase of Orthodox Judaism. Author Ira Poliakov catalogues the history of synagogues and congregations that have shaped Long Island's past and present.
