Teaching is an art; with the right techniques, guidance, skills and practice, teachers can masterfully face any situation the classroom could throw at them. With their fresh perspectives, sage advice and a hint of silliness, Andy, Chris and Gary show teachers how to unleash their brilliance.

For any teacher who has ever had a class that are angels for colleagues but Lucifer incarnate as soon as they cross the threshold of their classroom. Or who realised too late that their best-laid lesson plans were doomed from the start. Or who had their energy and enthusiasm sapped by a mood-hoovering staffroom Grinch. These problems will be a thing of the past once they've mastered the art of being a brilliant teacher. With plenty of practical advice and top tips, this book will show them how.
