Prime Minister Jacinda Ardern describes Diary of the Kirk Years as ‘fascinating’ – a favourite book. This dramatic account of the life and death of New Zealand’s charismatic prime minister, Norman Kirk, is an insider’s story of his struggles to change attitudes, both internationally and domestically. He fought the French atmospheric testing of nuclear bombs in the Pacific and won; he hated apartheid and cancelled the long-awaited Springbok tour of New Zealand because South Africa refused to select a multi-racial rugby team. Within New Zealand he

improved the status of women, initiated the Waitangi Tribunal to gain justice for Maori who had land wrongly confiscated, and with the Ohu movement gave people the freedom to live in the way that best suited them. More, he gave his people pride and hope. Finally, he fought to save his own life. Norman Kirk died needlessly after only 20 months in office but left a legacy in human rights that lives on.
