One of the featured characters in the book is Arm-Fall-Off-Boy, a member of DC Comics' Legion of Super-Heroes. While unconventional, this character showcases the creativity and ingenuity behind many regrettable superheroes.

The fascinating part of The League of Regrettable Superheroes is the exploration of their creators' intentions and the cultural context in which they were developed. Many of these characters were products of their time, reflecting societal values, and serving as bizarre metaphors for, at times, questionable concepts.
