How Hard Can it Be? is the fourth hilarious volume in Jeremy Clarkson's The World According to Clarkson series.

How hard can it be...

To build a power station without upsetting the eco-mentalists? To seek world domination if you've been hit the ugly stick? For the Met Office to get yesterday's weather right?

In volume four of The World According to Clarkson, Jeremy Clarkson pours scorn on the nonsensical, the dumb, the idiotic and the plain foolish in his continuing quest to discover where exactly we've all gone wrong.

Along the way he ponders:

- Whether conquering France might solve the immigration problem
- What happened when you ignore proper warning labels
- What would happen if we turned the internet off

Often controversial, frequently scathing but always funnier than James May, Jeremy Clarkson shows us how we could so easily make the world a better place.
