San Carlos was a bedroom community located fifteen miles east of the Pacific Ocean. After WWII and the Korean War, veterans and their families lined up to buy one of the tract homes that made up the new suburbia. The baby boom had begun in San Diego.

Directly west of San Carlos, Ocean Beach, a laid-back enclave consisting of seven square miles, was the bohemian jewel of the Point Loma Peninsula.

The common thread that tied these two communities together in the seventies was not just beautiful weather. Two outlaw motorcycle clubs immersed in a territorial war, the rampant abuse of illegal drugs, sociopathic serial killers, and suicide stained, for those of us who lived there and then, what should have been an idyllic existence.

There Goes the Neighborhood is a tale of two communities forever changed by the dark cloud that blotted the light of day from those who called either community home.
