With over 10,000 entries, this dictionary covers a vast range of medical terms, including anatomy, physiology, diseases, treatments, and pharmaceuticals. Each entry is supplemented with accurate and detailed explanations, making it easier for users to comprehend and use the terms in the appropriate context.

## **The Power of Bilingualism**

Being bilingual is an invaluable asset, particularly in the medical field where effective communication can save lives. The Wordsrus Bilingual Dictionaries understand the importance of language proficiency, and their English Bosnian Medical Dictionary equips users with a strong foundation in both English and Bosnian medical terminology.

With clear and concise translations of medical terms between English and Bosnian, this dictionary ensures that language barriers do not hinder effective communication between healthcare professionals and their patients. Whether you are studying, treating patients, or conducting research, having access to accurate translations allows you to provide the highest level of care.

## **Don't Get Lost in Translation**

Medical professionals often face challenges when dealing with patients who speak different languages. In such situations, accurate and timely translations are crucial. The English Bosnian Medical Dictionary by Wordsrus Bilingual Dictionaries eliminates the guesswork, allowing healthcare professionals to provide essential care without any language barriers.

Moreover, this dictionary goes beyond simple word translations. It includes multiple examples, synonyms, and idiomatic expressions, further enhancing the user's understanding of medical terminology in both languages.

## **Enhance Your Learning Experience**

Studying or working in the medical field requires continuous learning. The English Bosnian Medical Dictionary not only serves as a helpful tool for quick translations but also enhances the learning experience.

With the inclusion of pronunciation guides, etymologies, and extensive cross-references, this dictionary enables users to explore the roots and origins of medical terms, deepening their knowledge and comprehension.

## **Accessible Anywhere, Anytime**

Wordsrus Bilingual Dictionaries understands the importance of convenience in today's fast-paced world. The English Bosnian Medical Dictionary is available in both print and electronic formats, allowing users to access it wherever and whenever they need it.

Whether you prefer a tangible book or the convenience of an e-book, the English Bosnian Medical Dictionary is there to support your language learning journey, whether you are in the classroom, at the hospital, or on the go.

Wordsrus Bilingual Dictionaries' English Bosnian Medical Dictionary is the ultimate language resource for those seeking to excel in the medical field. With its comprehensive coverage, accurate translations, and user-friendly features, it unlocks a world of medical terminology, ensuring effective communication, enhanced learning, and improved patient care.

Don't let language be a barrier in your pursuit of medical excellence. Invest in the English Bosnian Medical Dictionary by Wordsrus Bilingual Dictionaries today!

This phrasebook and dictionary contains over 3,400 medical terms in English and Bosnian. It will be indispensable for anyone doing humanitarian relief in areas where Bosnian is spoken. With the current war in Ukraine, millions of people are now being displaced, many with little language skills in the countries to which they are fleeing. While the greatest number have fled to Poland, there are a large numbers of Ukrainian speakers in the United States and other English speaking countries, as well as Russia, southeast Europe, Bosnia, Belarus, Moldova, Israel, Bulgaria, Hungary, and Romania.

This dictionary and phrasebook is designed to assist those who need medical attention. In addition to the triage and wound care sections, there is a section of phrases for medical assessment and specialties. There is also a section on English, and Bosnian pronunciation.

Copies of this dictionary and phrasebook may be downloaded from our website FREE of charge in PDF format and given to anyone who needs it. Paper copies

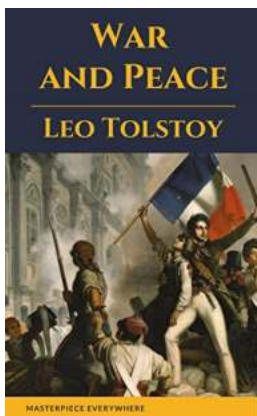

may be ordered from our website or Amazon.

This dictionary is extracted from our Words R Us system, a derivative of WordNet. English Wordnet, originally created by Princeton University is a lexical database for the English language. It groups words in English into sets of synonyms called synsets, provides brief definitions and usage examples, and records a series of relationships between these sets of synonyms. WordNet can be viewed as both a combination dictionary and thesaurus.
