A Premier princely state of Rajasthan, the erstwhile Rajputana (northwest India), till its merger into the Union territory in 1948, Mewar has been celebrated in history and legend. In this far-famed region are represented not only the Rajput chivalry and high sense of honor, but also in their arts, architecture, and fabulous cultural traditions. Developed from the author's intensive research, the book tries to reconstruct the unparalleled, glorious history of (perhaps) the world's oldest ruling family: the house of Mewar — now called the 'clan of Sisodias', in earliest times 'Guhilots'.

A definite and detailed history of the Rajputs is also remarkably readable. This historic book presents the illustrious history of the Sisodia Rajputs who presided over the land of Mewar and the vaunted fortress of Chittor. Part history, part legend, this is an account of the saffron-robed heroes who guarded Mewar's frontiers, defending her against repeated invasions, and valued honor above all

else. This book is a colorful narrative - complete with illustrations - about legendary rulers and a tribute to the spirit of the martial Rajput clan.
